alvissijayson@gmail.com

SUMMARY

UX Designer based in Iloilo City. I create simple and clear interfaces that help users complete tasks efficiently. Currently a student at Western Institute of Technology, working on UX projects that focus on usability and structure.

PROJECTS

2025 – Present

- Designed a class reminder application to help students track schedules and avoid missed classes
- Created wireframes and prototypes using Figma
- Structured user flows to simplify navigation and reduce confusion
- Applied basic usability principles such as consistency, hierarchy, and clarity
